

Pitching Limitations/Score Sheet

Column A: The maximum number of innings a player can pitch in one (1) day.

Column B: The maximum number of innings a player can pitch in three (3) consecutive days:

Rule 8.08.G.2 Comment: For age divisions 7U – 12U, this is to be interpreted as a player can pitch any combination of innings that equals nine (9) as long as he doesn't pitch more than six (6) innings in any one day pursuant to Rule 8.08.G.1.

Rule 8.08.G.2 Comment: For age divisions 13U – 14U, this is to be interpreted as a player can pitch any combination of innings that equals eleven (11) as long as he doesn't pitch more than seven (7) innings in any one day pursuant to Rule 8.08.G.1.

In age divisions 7U – 14U, any player that pitches three (3) consecutive days must rest the next two (2) consecutive days.

Note: Pitching records are based on number of outs recorded (3rds). If a pitcher throws without the defense recording an out and he is replaced he has not officially been recorded as having pitched. If a defense records two outs at the time he is replaced, he has recorded 2/3 of an inning pitched – one defensive out would be recorded as 1/3 inning pitched.
